900 Third Avenue
New York, NY 10022

Dear Dr. Hashim:

As per our conversation on November 18, could you please send me a preliminary application for a research grant from your agency. Our laboratory is presently carrying out detailed molecular biological and protein structure function studies on a family of monomeric oxidoreductase which metabolize mutagenic polyaromatic hydrocarbons generated by cigarette smoke. Please mail this information to:

University of Southern California
Hoffman Medical Research Room 815
2011 Zonal Avenue
Los Angeles, CA 90033
Tel: 213/342-2699
FAX: 213/226-7471

Thank you.

Sincerely yours,

Andrew Stolz, M.D.
Associate Professor of Medicine
